

# BI-FOLDING DOOR

If you're looking to bring the outside inside, our bi-fold doors are your answer. When closed, they're a stately wall of light. Once opened, however, they fold virtually out of sight to create an expansive opening that extends your living space and joins living rooms with verandas and garden areas.

## Features

- Sill 102mm x 49mm
- Sump sill optional
- Max panel width 900mm
- Quantum Xtreme solution for bushfire areas. The first to meet up to BAL-40
- Flyscreens not available
- Open outwards only
- Heavy duty option for doors over 2400 high
